

Making marks

Scribbling is great!

It's the start
of writing and
drawing.

Put paper and
crayons in front
of your child.

Play together 1:

Let your child
scrunch up the
paper,
Show them the
paper can rip
and listen to the
sounds.

Play together 2:

Show your child how to use a crayon
and make some marks

Show your child how to draw lines,
squares, swirls and circles.

You can doodle on paper next to your child.

When you scribble together, your
child will follow and learn.

Play together 3:

Colour in your scribbles together.
