

# NATURE COLLAGE CARD

When you've finished, you can write a message and give it to someone as a card.

How about making a poster with a message to display in your window?

**TRY THIS**

Write your name on card and glue the natural objects onto the letters.

Just glue your natural objects onto card, to make patterns, shapes - any kind of picture that you like.

Now think about using them to make a picture - it's called a collage.

Collect natural objects that you really like - leaves, grass, seeds, flowers - whatever you like best!
