# POST IT NOTE CREATURES!

**1** Take three Post-It notes and draw three different heads – animal, human, alien – anything!!

**2** Take three more and draw three different bodies – again, anything goes!

**3** Take three more and draw three different legs, or wheels, or fins.

**Close your eyes, and put the sets together.**

**Now open your eyes!**

**What kind of creatures have you got?!**

**Maybe a lion's head with a robot body and a mermaid fin!**

**Do some more – have fun!**
